MEMORANDUM FOR THE RECORD

SUBJECT: S. 822 - To Create a Freedom Commission and a
Freedom Academy

HCUA and Senate Foreign Relations asked us for a report on this bill over a year ago and have not followed up since. There is some doubt whether our report is sufficiently negative to be acceptable to the Bureau of the Budget. Further, the Administration's views on the Freedom Academy are the subject for some controversy and since the issue is not of direct concern to the Agency, we will attempt simply to bury this item. If it is brought up later, we can reinstitute it and try to get Bureau of the Budget clearance.
